2012 - 2013 Class Size

Directions: Complete the following information for each self-contained regular graded classroom or "home room" in kindergarten through grade three. DO NOT include special education, Title I or other "pull-out" classrooms. Teacher FTE data should reflect the self-contained regular graded classrooms or "home room" teacher(s) only. Do NOT count teachers such as art, music or physical education, special education, Title I or any other "pull-out" teachers. Do NOT count special education instructional aides in the Aides - FTE column.

To add a section, click the "Add" button. A new form will appear. Select the grade from the dropdown menu, fill out the rest of the information and click "Update." Each added section must have at least one student and the teacher FTE cannot be zero or blank. To delete a section, click the "DEL" box to the far right of the row to be deleted and click update.

Do NOT combine classrooms or sections for a grade level! If you have two (2) sections of a grade, complete one (1) row for EACH classroom in that grade level.

You must click UPDATE to save changes...The GO button does NOT save changes!

2012 - 2013 Class Size

Directions: Complete the following information for each self-contained regular graded classroom or "home room" in kindergarten through grade three. **DO NOT** include special education, Title I or other "pull-out" classrooms. Teacher FTE data should reflect the self-contained regular graded classrooms or "home room" teacher(s) only. Do **NOT** count teachers such as art, music or physical education, special education, Title I or any other "pull-out" teachers. Do **NOT** count special education instructional aides in the Aides - FTE column.

If a classroom combines grades (e.g., grades 1 and 2), select "Other" from the Grade Level dropdown list and type the description in the Other Grade Description box (e.g., 1-2). Complete only the columns necessary for each K-3 classroom in the building, unused columns do not need to be filled with zeros, but may be left blank. If your district offers 1/2-day kindergarten, please enter a teacher FTE of at least 1.0 for each section. This gives the Department of Education a more accurate accounting of kindergarten class size.

A unique identifier must be entered. The unique identifier must reflect local classroom identification. This field allows three (3) characters, and must be unique for each grade. For example, some districts use teacher initials.

Do **NOT** combine classrooms or sections for a grade level! If you have two (2) sections of a grade, complete one (1) row for **EACH** classroom in that grade level.

You must click **UPDATE** to save changes...The **GO** button does **NOT** save changes!
